

**Commission based sales agent for  
12 month + audio business coaching programme**  
*Significant earning potential*

**Details:**

This programme has been successfully trialled and achieved excellent retention and renewal rates. A motivated and professional sales agent is now sought to bring this to a wider audience. Selling primarily into established business networks, associations and organisations the successful applicant will have a solid background in direct sales and the professional credibility to represent a premier product. A background in business coaching and / or consultancy is not essential but may be an advantage.

It is anticipated that this product may sit alongside other related business activities although the generous commissions do offer the potential for this to be a full time activity.

**Example commission schedule:**

One single sale per month of a batch of 25 units of the programme over a year will earn the agent £19,500 in that year and will have accrued a further £16,500 in pre-sales for the following year. Continuing sales at that rate will therefore generate £36,000 in year 2, £46,500 in year 3 and so on. There is no cap on commission earnings. Opportunities to white-label the product also exist with appropriately adjusted sales and commission rates

**Support:**

A dedicated website supports the programme along with appropriate explanatory support material. Each of the monthly editions of the programme is packaged as a stand-alone product and builds into a library of business coaching support material.

Testimonials and reference materials are also provided.
